COMMENTS FROM FORMER PARTICIPANTS OF THE KINDERGARTEN ACADEMY —

"I was very impressed with the material presented, the sense of support among the community of parents attending and the partnership within the school. This program is incredibly beneficial.."

"I could see my granddaughter's anxiety and fear slowly turning into excitement as she began to become more and more comfortable with the idea of 'school'. She now knew what school looked like, who her teacher might be, and had friends now who might be in her class. She made a smooth transition as a result of the Kindergarten Academy and was ready and excited for school by the time September rolled around."

Children must be five years old on or before August 31, 2019 and registered for Kindergarten at Mt. Pleasant Elementary School for 2019-2020.

Offered for children entering Mt. Pleasant Elementary School's Kindergarten Program, the Academy will provide an introduction to the Kindergarten program and provide learning activities to help support a successful start.

Children will meet and work directly with Kindergarten teachers and staff. While children are engaged in activities, parents will join together and receive information to help prepare their child to achieve a successful transition into Kindergarten.
