

COMING BACK STRONGER

BSD's Plan for ESSER II and ESSER III Relief Funds

Looking Ahead to 2021.22 and Beyond

The Brandywine School District is committed to a successful transition back to in-person learning. The challenges of the past fifteen months not only reinforced the value of face-to-face learning, it also showed the potential that technology holds to better personalize, engage, and enhance teaching and learning for all students.

The strain, fatigue, and impact of the last fifteen months have greatly affected all students, families, and staff, some to a greater extent. The funding provided through the **Elementary and Secondary School Emergency Relief (ESSER) Fund** are critical to getting our students and staff back on track as quickly as possible and also prepare for whatever the future may bring as we continue our fight against COVID-19.

Elementary and Secondary School Emergency Relief (ESSER) Fund

The Brandywine School District has been allocated approximately \$11M in ESSER II Funds and \$25M in ESSER III Funds for a total of roughly \$36M. The District has developed a draft comprehensive plan based on known and potential needs.

Stakeholder Feedback

The stakeholder survey was open from June 25 through July 12. Thank you to the parents, guardians, students, teachers, staff members, and community members that completed the feedback survey (survey now closed).

We are in the process of revising our initial plan based on the feedback and will be resubmitting the revised plan to the Delaware Department of Education. We will post the revised plan after receiving DDoE approval.
