

Welcome to the Forwood Elementary PTA!

The Parent Teacher Association (PTA), with your involvement, is committed to working with teachers and administrators to promote the success and well-being of our children.

When you join the PTA, YOUR child benefits! The PTA supports both educational initiatives such as science outreach, school assemblies, and field day as well as social events that enrich the school community such as the ice cream social, family fun nights, and fifth grade celebration with funds, ideas and/or volunteers.

It is our mission to have a PTA that is inclusive, informative, and involved. Studies show that active parent involvement in education is the number one thing we can do to create an outstanding educational environment and improve student performance.

Membership is ONLY \$10 per family!

Please make checks payable to **Forwood PTA**.
